Adjunct Faculty, Computer Science & Information Technology
Austin Community College

Austin Community College is a public two-year institution that serves a diverse population of approximately 41,000 credit students each Fall and Spring semester. We embrace our identity as a community college, as reflected in our mission statement. We promote student success and community development by providing affordable access, through traditional and distance learning modes, to higher education and workforce training, including appropriate applied baccalaureate degrees, in our service area.

As a community college committed to our mission, we seek to recruit and retain a workforce that:

- Reflects the diversity of our community
- Values intellectual curiosity and innovative teaching
- Is attracted by the college's mission to promote equitable access to educational opportunities
- Cares about student success and collaborates on strategies to facilitate success for under-represented populations
- Welcomes difference and models respectful interaction with others
- Engages with the community both within and outside of ACC

Commitment to Equity and Inclusion

ACC is committed to the ongoing systemic changes needed to ensure the increased recruitment, inclusion, retention, and completion of historically underserved and underrepresented populations. Through continual strategic community engagement and professional development of administrators, faculty, staff, and students, the college demonstrates its dedication to fostering a culture and climate for equitable outcomes.

ACC is proud to serve a diverse student body as an open-access and low-cost institution. Dedicated faculty members are excellent professors who help students achieve their educational goals and are sensitive to our students' diverse cultures and socio-economic backgrounds. In 2017 our faculty adopted a Statement of ACC Faculty Values. This Statement affirms that ACC's faculty members value collaboration, service, agency, scholarship, inclusion, and teaching, all of which attest to our commitment to equity, diversity, and inclusion at the heart of our mission.

Job Posting Title:
Adjunct Faculty, Computer Science & Information Technology

Job Description Summary:

Adjunct Faculty, Computer Science & Information Technology
Austin Community College

Responsible to prepare and deliver Computer Science and Information Technology coursework in engaging, innovative, and discipline-appropriate ways that reflect a commitment to success equity, respect for diversity, an understanding of culturally responsive teaching, and knowledge of the teaching field. Meets professional standards for faculty in accordance with college policies and procedures.

Job Description:

The Computer Science and Information Technology department offers many exciting career or workforce options in computer programming, game programming, network administration, software testing, database administration, website development, and computer user support.

Students can select from transfer degrees, workforce certificates and degrees, and two Bachelor's degrees, BAS in Software Development and BAS in Cybersecurity.

Principal Responsibilities and Duties

- Prepare and teach courses in the field of **Computer Science and Information Technology** to a diverse student population based on the department's approved course learning outcomes, utilizing a variety of instructional strategies appropriate to the needs of community college students and the standards of the discipline.
- Evaluate student progress and provide clear, timely feedback reflecting program learning outcomes and departmental expectations.
- Provide teaching and mentoring services to students in a manner which does not discriminate based on race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, political affiliation, or other protected categories.
- Remain current in the field through a variety of professional development activities.
- Perform other related tasks as assigned by the department chair, dean, and/or associate vice president, vice president, executive vice president.

Technology

- Demonstrated proficiency using computer applications, online resources, and other technologies for the classroom. Demonstrated proficiency using an online learning management system such as Blackboard to develop and build course content and perform administrative duties (posting office hours, syllabi, etc.)

Adjunct Faculty, Computer Science & Information Technology
Austin Community College

Principal Professional Standards

- Meet deadlines for attendance certification and submission of final course grades**.**
- Maintain regular office hours to assist students and improve student retention and success.
- Recognize and reflect standards of civility and collegiality in all interactions.
- Comply with published college policies and procedures and meet professional standards for teaching in a community college.
- Appropriate use of the college's learning management system.

Required Education

Educational requirements in accordance with SACSCOC accreditation standards.

- Bachelor's degree in Computer Science, Computer Information Systems, Computer Information Technology, Computer or Software Engineering, Computer-Based Information Systems (e.g., management, decision), or Electrical Engineering with three (3) years of industry experience; or
- Master's degree in Computer Science, Computer Information Systems, Computer Information Technology, Computer or Software Engineering, Computer-Based Information Systems (e.g., management, decision), or Electrical Engineering, or
- Master's degree with 18 graduate hours in these disciplines or workforce

Required Work Experience

- Three (3) years of related Computer Science and Information Technology experience
