Job Description

Microbiology/General Education Biology Professor
College of the Sequoias

General Description

College of the Sequoias Community College District is seeking a candidate to fill a full-time, tenured-track position in the Biology Department beginning August 2018.

College of the Sequoias Community College District serves a diverse community of learners and is a designated Hispanic Serving Institution. COS provides a wide range of opportunities in transfer, general education, career and technical programs for our students. We are dedicated to recruiting faculty who are committed to helping a diverse population of students achieve their educational goals. We seek candidates who exhibit an understanding and commitment to the community college mission, and who have a passion for student success.

Job Duties

The primary teaching assignment will be in Microbiology and General Education Biology. Other teaching assignments may include biology courses as determined by the District. Initial assignment will be on the Hanford Campus and may include evening and/or weekend classes.

Participation in the governance of the College by way of committee assignments is expected. Other responsibilities include maintenance of a number of office hours, full participation in departmental responsibilities and the willingness to create and/or participate in and sustain an atmosphere of equality which is respectful of diversity campus wide.

Qualifications

Minimum Qualifications

The candidate must meet the following criteria. The degree must be from an institution accredited by the Western Association of Schools and Colleges or the equivalent. If the candidate holds a Ph.D. in a biological science, the candidate will be considered to have met the minimum requirements.

Master's degree in any biological science OR

Bachelor's degree in any biological science AND Master's degree in biochemistry, biophysics, or marine science OR

The equivalent AND

Demonstrated sensitivity to, and understanding of, the diverse academic, social, economic, cultural, disability, and ethnic backgrounds of community college students.

Note: If claiming equivalency, please complete and submit the appropriate Equivalency paperwork found at:

[url=http://apptrkr.com/get_redirect.php?id=1137306&targetURL=http://www.cos.edu/About/HumanResources/Policy.aspx]<http://www.cos.edu/About/HumanResources/Pages/Equivalency-Policy.aspx>. Your equivalency paperwork must be submitted as a "supplemental attachment" within the "Attachment" section of this application.

Desirable Qualifications

The Biology Department is looking for evidence of the following:

Teaching experience in Microbiology and General Biology.

Experience in designing and implementing microbiology lab experiences in a college classroom setting.

Teaching experience at the community college level.

Graduate and/or undergraduate coursework related to Microbiology.

Familiarity with the educational needs of community college students pursuing Nursing and Allied Health careers.

Experience in and/or commitment to working with students from diverse cultural, ethnic, socioeconomic, academic and disability backgrounds.
