Job Description

The Santa Clarita Community College District/College of the Canyons is seeking a part-time Instructional Laboratory Technician (Physics and Earth Sciences)(Canyon Country Campus)(47.5%) in the Academic Affairs division. The ideal candidate will share our college's commitment to educating the more than 32,000 racially and socioeconomically diverse students we enroll each year. Currently, our student body is approximately 45.4 percent Latinx/Hispanic, 32.2 percent White, 6.3 percent Asian, 5.5 percent African-American, 4.5 percent Pacific Islander, 2 percent multi-ethnic, and less than 1 percent Native American. The college was designated a Hispanic Serving Institution in 2015, reflecting our focus on enhancing the educational attainment and economic well-being of the community we proudly serve. As one of 20 community colleges in the state selected for the California Guided Pathways Project, we are focused on enhancing equity and implementing policies and practices that help all students achieve successful academic outcomes.

College of the Canyons is pleased to announce the following:

Instructional Laboratory Technician (Physics and Earth Sciences (Canyon Country Campus (47.5%)

Extended Review Date: June 24, 2020

Requisition# CLA19-333

Under the supervision of the Division Dean, School of Mathematics, Sciences & Engineering, with direction from the Department Chairs, Physics/Engineering department and Earth and Space Sciences Department, with input from Departments' instructors, performs a variety of technical and specialized duties related to the preparation, operation, adaptation, and maintenance of the Physics and Engineering and Earth and Space Sciences laboratories. Orders, tracks, and prepares (including set-up and clean-up) laboratory equipment, supplies, and instructional materials in a safe, clean, and orderly manner. Provides information and technical assistance to faculty, staff, and students, and works within curriculum, goals, and objectives to develop and modify existing laboratory procedures. Performs other related duties as assigned.

Minimum Requirements:

Experience:

Two years of full-time equivalent responsible experience working with the public in an educational, tutorial, or laboratory setting related to Physics/Engineering. Additional years of education may substitute for experience requirement on a year for year basis. One year will equal 30 semester units.

Education:

Education equivalent to an Associate's degree (60 semester units) in a related field. College coursework must include a minimum of one physics/engineering course with laboratory.
