The Foothill - De Anza Community College District does not have a remote work policy. All employees are expected to be available to work in person and on-site per the requirement of the department.

Foothill - De Anza Community College District Mission Statement:

The mission of the Foothill-De Anza Community College District is student success and educational excellence. The district and its colleges provide access to affordable, quality educational programs and services that develop a broadly educated and socially responsible community that supports an equitable and just future for California and the global community. Every member of our district contributes to a dynamic instructional and learning environment that fosters student engagement, equal opportunity, and innovation in meeting the various educational and career goals of our diverse students. Foothill-De Anza is driven by an equity agenda and core values of integrity, inclusion, care for our students' well-being, and sustainability.

Foothill College Mission Statement:

Embracing inclusivity and building strong communities, Foothill College serves diverse learners and equips its students with critical thinking skills to address complex societal challenges, to thrive in the global workforce, and to engage in a life of inquiry.

DUTIES AND RESPONSIBILITIES OF THE POSITION INCLUDE:

Under the direction of the Dean of Health Sciences and Horticulture, the primary role of the fulltime Veterinary Technology Instructor is to teach veterinary technology students on various subjects in lecture and laboratory settings. These veterinary technicians in training must learn both didactic and skills-based information, with an emphasis on critical thinking and clinical application of knowledge.

Responsibilities will include demonstrating competency and comfortability teaching lecture and hands-on lab courses with live animals which may include but are not limited to anatomy and physiology, radiology, beginning and advanced nursing skills, anesthesia and surgery, large animal skills, pharmacology, emergency medicine, animal behavior, and other topics. Please refer to the course curriculum for a full list of courses and descriptions: <https://catalog.foothill.edu/degrees-certificates/veterinary-technology/>

The program emphasizes low stress handling and fear-free methods in all animals. The ideal candidate will have the ability to implement multiple active learning strategies, and the ability to positively interact with a diverse student population using a Diversity, Equity, and Inclusion lens. The ability to bring real world experiences and techniques into the classroom is expected.

The program philosophy is one of collaboration among faculty to teach critical thinking skills in students using multiple modalities in teaching. The program has an animal colony including large and small animals, a clinical laboratory, surgical suite, and a radiology suite with digital x-ray, dental x-ray, and ultrasound.

The ideal candidate will be able to transfer veterinary clinical experience to the classroom and help students understand the underlying reasons for their training. The ideal full-time instructor will be comfortable working with faculty DVMs, RVTs and students to perform and participate in small animal surgery, anesthesia and dentistry and interested in helping to develop the next generation of veterinary nurses.

The secondary role of the full-time faculty is to oversee animal care. This includes:

1. Overseeing care of program animals including but not limited to evaluation of program animals,
2. Overseeing day to day husbandry of the program animals as well as the students who are caring for the program animals.
3. Taking student communications on weekends and holidays regarding animal wellbeing
4. Overseeing program animal housing
5. Participating in program specific committees and regulatory compliance (Advisory Board, IACUC, USDA, CVTEA, California VMB).
6. Oversee students care of animals including routine dropping in and immediate feedback on students' performances-weekly or more frequently, unannounced random evaluation of shifts, reviewing peer evaluations, grading students according to direct observation and peer evaluations and oversee student scheduling.

Standard duties expected of all faculty include development and evaluation of curricula, maintaining scheduled office hours, attending department and division meetings, pursuing professional growth activities, and performing other duties consistent with the role of an instructor. Instructors also can serve on district and college committees and participate in campus extra-curricular activities and outreach. We are looking for a dynamic educator who is sensitive to students' different learning styles and educational needs.

MINIMUM QUALIFICATIONS:

1. Understanding of, sensitivity to, and respect for the diverse academic, socio-economic, ethnic, religious, and cultural backgrounds, disability, and sexual orientation of community college students, faculty and staff.
