Austin Community College is a public two-year institution that serves a multicultural population of approximately 41,000 credit students each Fall and Spring semester. We embrace our identity as a community college, as reflected in our mission statement. We promote student success and community development by providing affordable access, through traditional and distance learning modes, to higher education and workforce training, including appropriate applied baccalaureate degrees, in our service area.

As a community college committed to our mission, we seek to recruit and retain a workforce that:

- Values intellectual curiosity and innovative teaching
- Is attracted by the college's mission to promote equitable access to educational opportunities
- Cares about student success and collaborates on strategies to facilitate success for populations including; first generation college students, low-income students, and students from underserved communities.
- Focused on student academic achievement and postgraduate outcomes
- Welcomes difference and models respectful interaction with others
- Engages with the community both within and outside of ACC

### **Job Posting Title:**

Faculty, HVAC & Refrigeration

### **Job Description Summary:**

The HART (Heating, Air Conditioning, Refrigeration and Technology) Department Faculty at Austin Community College support hands on and classroom learning for a multicultural group of students within the high school and community college settings. Faculty will be responsible for preparing engaging coursework and delivering content throughout various ACC campuses and other duties as assigned.

### **Job Description:**

The ACC HART program is designed to meet the needs of the industrial, commercial and residential HVAC industry. Emphasis is placed on real world approaches to diagnostic skill building and a thorough understanding of refrigeration system theory and operations. Independent, self-directed learning is promoted through hands-on experience with current systems and the use of computer programs and simulations. Students completing degree and/or certificate programs will leave ACC with the workplace skills and professionalism necessary to succeed in the workforce.

### **Principal Responsibilities and Duties**

- Prepare and teach courses in the field of HVAC & Refrigeration to a multicultural student population based on the department's approved course learning outcomes, utilizing a variety of instructional strategies appropriate to the needs of community college students and the standards of the discipline.
- Participate actively in departmental responsibilities and departmental governance, including curriculum review and revision, program review, assessment of student learning outcomes at the course and program level, and other departmental activities.
- Evaluate student progress and provide clear, timely feedback reflecting program learning outcomes and departmental expectations.
- Serve as a mentor to students in the HVAC & Refrigeration program.
- Provide teaching and mentoring services to students in a manner which does not discriminate based on race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, political affiliation, or other protected categories.
- Remain current in the field through a variety of professional development activities.
- Support division and department goals through active and collegial engagement in decision-

making and unit-level planning.

- Serve on collegewide and departmental committees, councils, work groups, and task forces.
- Perform other related tasks as assigned by the department chair, dean, and/or associate vice chancellor, vice chancellor, executive vice chancellor.

### **Additional Duties**

- Applicants will also work with dual credit students at the high school level.

### **Technology**

- Demonstrated proficiency using computer applications, online resources, and other technologies for the classroom.
- Demonstrated proficiency using an online learning management system such as Blackboard to develop and build course content and perform administrative duties (posting office hours, syllabi, etc.)

### **Principal Professional Standards**

- Appropriate use of the college's learning management system.
- Meet deadlines for attendance certification and submission of final course grades.
- Participate in graduation, general assembly, and other official college functions.
- Maintain regular office hours to assist students and improve student retention and success.
- Attend and participate in collegewide, campus, department, or other activities and meetings.
- Recognize and reflect standards of civility and collegiality in all interactions.
- Comply with published college policies and procedures and meet professional standards for teaching in a community college.

### **Required Education**

In accordance with Southern Association of College and Schools Commission on Colleges (SACSCOC) requirements:

- Associate Degree in AC/Heating & Refrigeration

### **Required Certifications**

- EPA 608 Universal Certification

### **Preferred Certifications**

- NATE Certification

### **Required Work Experience**

In accordance with Southern Association of College and Schools Commission on Colleges (SACSCOC) requirements:

- Three (3) years of non-teaching, industry-related work experience within the HVAC and Refrigeration industry.

### **Qualities of a Successful Candidate**

- Ethics, integrity, and sound professional judgment.
- A commitment to establishing and maintaining positive working relationships with students, colleagues, and staff representing diverse ethnic, cultural, and socioeconomic backgrounds.
- Dynamic, non-traditional instructional delivery methods to teach students of widely varying levels of proficiency and from various backgrounds and abilities.
- Appropriate and up-to-date knowledge of the discipline and subject matter.
- Experience using technology as an instructional aide where appropriate to enhance learning.
- Documented experience with active and applied teaching and learning methodologies.
- A strong commitment to teaching in a community college setting, including teaching practices that reflect an understanding of the multicultural classroom and the benefits of cultural awareness and sensitivity in the classroom and the workplace.
- Commitment to a culture of care for all.
- Commitment to the comprehensive mission of Austin Community College and to the principles and practices associated with Servant-Leadership.
- Ability to communicate effectively with students with a wide range of skills and backgrounds.
- Strong interpersonal skills and ability to work with varied populations from the local community as well as students, staff, faculty, and administration.
- Strength in communication media, both verbal and written, as well as listening.
