181192

General Statement

This position facilitates learning for students enrolled in any of the Mathematics courses. The ideal candidate will possess a combination of strong commitment to student success, equity in college Mathematics education, and academic experience in Mathematics.

The full-time workload for this position may take place in Worcester, Southbridge, or any another QCC instructional location.

Supervision Received

The full-time faculty member reports to the Dean of the School of Math, Science, and Engineering.

Supervision Exercised

The full-time faculty member exercises supervision over personnel assigned to them.

- Teach a range of mathematics courses including developmental mathematics, algebra, statistics, trigonometry, calculus, and differential equations.
- Provide classroom, laboratory and/or team-teaching instruction and facilitate individualized and non-traditional approaches to learning as appropriate.
- Develop and/or revise instructional materials with other faculty members.
- Develop and apply instructional methods that engage students of varying learning styles and abilities.
- Develop and apply assessment strategies that maximize the learning process and measure student learning outcomes.
- Actively participate in ongoing curriculum & program review.
- Conduct academic advising and assistance of students.
- Participate in college service activities in concert with the provisions of the MCCC Agreement.
- Perform other duties as assigned.
