students through the art and science of welding? Then this Tenure-Track Welding Faculty position at Truckee Meadows Community College (TMCC) is for you! Come join TMCC's Division of Technical Science and help shape the future of manufacturing-one weld at a time!

The mission of TMCC's Division of Technical Science is to provide innovative industry-relevant training and upskilling for the diverse community we serve. We are seeking candidates who value teamwork, industry-focus and student-centeredness to teach welding courses at TMCC's William N. Pennington Center of Applied Technology at 475 Edison Way. At TMCC, we're not just about degrees; we're about pathways to great paying jobs! Our welding program offers stackable credentials-from Skills Certificates to Certificates of Achievement, to an Associate's of Applied Science in GMAW, SMAW, FCAW, GTAW, CNC cutting and metal fabrication. We are seeking applicants from all backgrounds and life experiences and looking for transferable skills sets that are applicable to this role. To learn more about the tenure-track process, see the [Nevada Faculty Association Contract](#). Be part of the academy at TMCC!

### Minimum Qualifications

1. Associate's degree or higher in Welding, Fabrication or a closely related field and (2) years of professional experience in a full-time paid welding position **OR** (1) year of specialized academic training (trade/professional or vocational) and 3 years of professional experience in a full-time paid welding position.
2. Previous teaching experience in a secondary, post-secondary or professional/industrial environment.
3. Proficiency in the setup, operation and maintenance of various power supplies and equipment used for the SMAW, GMAW, FCAW, and GTAW processes. 4. Current AWS, API or ASME Certifications in two or more of the following processes: SMAW, GMAW, FCAW and GTAW.
5. Experience reading and interpreting technical prints.
6. Proficiency in the use of fabricating equipment such as Iron Worker, band saws, benders, shears, or punches.

### Preferred Qualifications

1. Bachelor's Degree from a regionally accredited institution in Welding Engineering, Fabrication, or a closely related field and (3) years of full-time professional experience in the field of welding. OR (1) year of specialized academic training (trade/professional or Vocational) and (6) years of full-time

professional experience in the field of welding.

2. One year of previous full-time teaching experience in a secondary, post-secondary or professional/industrial environment.
3. AWS, CWI/CWE or equivalent inspection credential.
4. Experience in programming and using CNC plasma cutters.

### **Academic Responsibilities**

Candidates must exhibit an appreciation of, a sensitivity to, and respect for a

diverse academic environment, inclusive of students, faculty, and staff of varying social, economic, cultural, ideological and ethnic backgrounds. Teaching and workload assignments are scheduled throughout the calendar year, and may require evening and weekend obligations at one or more college locations.

- Teach a minimum of 30 (15/15) credit or contact hours during the academic year, August through May, in various modalities as assigned, which may include in-person, hybrid, online, and at high-school sites (Jump-Start dual credit), per the needs of the program and at the Edison campus or alternate sites.
- Demonstrate awareness of diversity, equity, and inclusion issues. Maintain sensitivity to and an understanding of the diverse academic, socioeconomic, cultural, and ethnic backgrounds, as well as disabilities, of students, faculty, and staff.
- Support student learning outcomes assessment processes by teaching toward approved student learning outcomes and assessing student performance.
- Assist with curriculum and program review, revision, and assessment. Aid in the development of new course materials and innovative instructional techniques that improve student learning.
- Work closely with department peers and administrators to become an effective teacher and contributing member of the academic unit.
- Maintain and set up the equipment for assigned lab classes; promptly report any broken equipment to the administration.
- Mentor new part-time faculty.
- Participate in department activities such as advisory boards, industry partner visits, program review, inventory, and outreach events.
- Attend and actively participate in College events, department and division meetings, college or Nevada System of Higher Education (NSHE) committees, and community service activities.

- Engage in ongoing professional development to stay current in field knowledge and pedagogies that expand breadth and depth of understanding in the discipline.
- Complete training outlined in TMCC's Faculty Standards of Online Instruction, when and as needed.
- Hold 5 office hours per week.
- Participate in student advising, recruitment, and retention efforts.
- Travel occasionally to community and workforce sites, conferences, events, and so on, per the needs of the program.
- Communicate and interact in a professional, timely and collegial manner with faculty, students, staff, and administration.
- Comply with departmental administrative responsibilities and published college and NSHE policies and procedures.
- Uphold the Mission, Vision, and Values of TMCC and perform assigned duties in a manner consistent with them.
- Adhere to the published codes of NSHE as detailed in the Board of Regents Handbook.
- Adhere to the Code of Ethical Standards of the State of Nevada (Nevada Revised Statutes 281A.400-281A.480).
- Other duties as assigned.

*Truckee Meadows Community College is a comprehensive educational institution located in Reno, Nevada and is part of the Nevada System of Higher Education. TMCCs five instructional sites and numerous community locations serves an increasingly diverse population of more than 11,000 students each semester. TMCC, an HSI (Hispanic Serving Institution), is a progressive institution that celebrates inclusion and diversity while supporting core themes of academic excellence, student success, and access to lifelong learning.*

*A vital leader in the New Nevadas growing economy, TMCC is located near the beautiful Sierra Nevada Mountains in an environment rich with a thriving arts, culture, food scene, abundant outdoor activities, and a family-friendly local community. It is only a 3.5 hour drive to San Francisco, CA, a 40-minute drive to Lake Tahoe, and within easy driving distance of four national parks (Great Basin, Yosemite, Lassen, and Death Valley). For more information, please go to [www.tmcc.edu](http://www.tmcc.edu) or view our virtual tour at [tour.tmcc.edu](http://tour.tmcc.edu).*

*The Nevada System of Higher Education (NSHE) is committed to providing a place of work and learning free of discrimination on the basis of a persons age, disability, whether actual or perceived by others (including service-connected disabilities), gender (including pregnancy related conditions), military status or military obligations, sexual orientation, gender identity or expression, genetic information, national origin, race, or religion.*
