Yes

Position Description

Position Overview:

Definition:

Under general supervision, coordinates, oversees, and participates in the operations, activities, and maintenance of the Colleges animal sciences laboratory facilities; provides instructional and administrative support services for the animal sciences laboratory facilities; assists students and faculty in the use and operation of equipment and materials related to the farm animal sciences units.

Supervision Received and Exercised:

Receives general supervision from the assigned managerial personnel. May provide technical and functional oversight and training to staff and temporary employees.

Class Characteristics:

This is a journey-level classification responsible for participating in the daily operations, services, and maintenance activities of the Colleges animal sciences laboratory facilities. Typical duties include collaborating and implementing weekly, monthly, and annual plans for the unit, assisting students and faculty in the use and operation of farm equipment and materials, and providing instructional support services for the animal sciences laboratory facilities. Incumbents at this level are required to be fully trained in all procedures related to the assigned area(s) of responsibility, working with a high degree of independent judgment, tact, and initiative. Positions at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit.

Examples of Essential Functions(Illustrative Only):

1. Ensures compliance with the protocols and guidelines established by the Institutional Animal Care and Use Committee (IACUC) and the United States Department of Agriculture (USDA).
2. Coordinates, oversees, and participates in the operations, services, and maintenance activities of the animal sciences unit; ensures proper safety and security of the animal sciences unit and related buildings, equipment, and grounds; monitors, evaluates, and adjusts activities in response to farm needs; ensures animal sciences laboratory facilities activities comply with established standards,

policies, and procedures.

3. Participates in the development and implementation of goals and objectives for the farms animal sciences laboratory facilities.
4. Oversees, develops, and implements production, breeding, feeding, healthcare, and safety of the farm animals; monitors and ensures smooth and efficient operations and activities related to the animal sciences laboratory facilities pastures and stock areas, facilities, and equipment.
5. Collaborates in developing and implements weekly, monthly, and annual plans for the animal sciences laboratory facilities.
6. Trains and provides work direction and guidance to temporary employees and staff; prepares work schedules, assigns duties, and reviews work for accuracy, completeness, and compliance with established standards and procedures; ensures temporary employees and staffs understanding of safety practices and procedures.
7. Provides instructional support services for the animal sciences laboratory facilities; assists students with developing animal science husbandry and animal welfare skills; explains related principles, practices, procedures, methods, materials, terminology, tools, and equipment; participates in demonstrations of farm activities.
8. Assists students and faculty in the use and operation of farm equipment and materials related to the animal sciences laboratory facilities; sets up, operates, and demonstrates the use of farming materials, tools, and equipment; performs minor maintenance and repairs on equipment as needed.
9. Assists instructors with the preparation of agricultural exhibits and instructional materials used in laboratory classes and extracurricular activities.
10. Develops and implements monthly production and herd health plans and maintains related schedules and production output.
11. Oversees the best management practices of the animal sciences laboratory facilities; develops and implements related solutions in accordance with state and federal regulations.
12. Coordinates the sale of the farms animal sciences products; ensures adequate animal availability and coordinates related production activities; develops and arranges delivery schedules; processes and accounts for sales revenue.
13. Assists in developing budget figures for the unit; monitors and controls expenditures; monitors inventory levels of animal farming supplies and equipment; orders, receives, stores, and maintains adequate inventory levels of supplies and equipment as directed.
14. Communicates with College staff, students, and various outside agencies to exchange information and resolve issues or concerns.
15. Prepares and maintains various records and reports related to students, animals, materials, inventory, and assigned activities.
16. Drives a vehicle to transport farm products as needed.
17. Support and comply with federal and state laws, Board Policies, and Administrative Procedures.

Our Mission: The mission of Mt. San Antonio College is to support all students in achieving their educational goals in an environment of academic excellence. Specifically, the College is committed to providing quality education, services, and workforce training so that students become productive members of a diverse, sustainable, global society. The College pledges to prepare students for lifelong learning through the mastery of basic skills, the achievement of associate degrees and certificates, and the completion of career and transfer pathways. The College will carry out this commitment by providing an engaging and supportive teaching and learning environment for students of diverse origins, experiences, needs, abilities, and goals. The College is dedicated to serving our community through improving economic achievement, advancing civic engagement, enhancing personal well-being, promoting critical thinking, and enriching aesthetic and cultural experiences.

Our Vision: Mt. San Antonio College strives to be regarded as one of the premier community colleges in the nation. We will be viewed as a leader in community college teaching, programs, and services. As a premier community college, we will provide access to quality educational programs and services, focusing on student success within a climate of integrity and respect. We will earn this reputation by consistently exceeding the expectations of our students, our staff, and our community.

The College is an equal-opportunity employer. The policy of the College is to encourage applications from ethnic and racial minorities, women, persons with disabilities, and Vietnam-era veterans. No person shall be denied employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex (gender), age, sexual orientation, or the perception that a person has one or more of these characteristics.

The District works to create an inclusive environment that provides a safe haven for international students, veterans, re-entry students, LGBTQIA+ students, and students of various learning styles
