Austin Community College is a public two-year institution that serves a multicultural population of approximately 41,000 credit students each Fall and Spring semester. We embrace our identity as a community college, as reflected in our mission statement. We promote student success and community development by providing affordable access, through traditional and distance learning modes, to higher education and workforce training, including appropriate applied baccalaureate degrees, in our service area.

As a community college committed to our mission, we seek to recruit and retain a workforce that:

- Values intellectual curiosity and innovative teaching
- Is attracted by the college's mission to promote equitable access to educational opportunities
- Cares about student success and collaborates on strategies to facilitate success for populations including; first generation college students, low-income students, and students from underserved communities.
- Focused on student academic achievement and postgraduate outcomes
- Welcomes difference and models respectful interaction with others
- Engages with the community both within and outside of ACC

**Job Posting Title:**

Faculty, Advanced Manufacturing & Automation (Bachelor Degree)

**Job Description Summary:**

Prepare and deliver courses in the Bachelor of Applied Technology degree for Advanced Manufacturing. Ability to employ engaging, innovative, and discipline-appropriate methods that reflect a commitment to student success, an understanding of potential culturally biased teaching, and knowledge of the teaching field. Professors in the department serve College students from a wide range of backgrounds. Teaching duties will require multiple instructional modalities (e.g., F2F, online, hybrid, etc.). This position starts in August 2025.

**Job Description:**

The Advanced Manufacturing Department launched a Bachelor of Applied Technology (BAT) in Manufacturing Engineering Technology degree in the Fall of 2023. This position is focused on the development and instruction of the upper-division coursework at the bachelor degree level in Automated Production Manufacturing Technology (APMT).

### **Principal Responsibilities and Duties**

- Prepare and teach courses in the field of Advanced Manufacturing to a multicultural student population based on the department's approved course learning outcomes, utilizing a variety of instructional strategies appropriate to the needs of community college students and the standards of the discipline.
- Participate actively in departmental responsibilities and departmental governance, including curriculum review and revision, program review, assessment of student learning outcomes at the course and program level, and other departmental activities.
- Evaluate student progress and provide clear, timely feedback reflecting program learning outcomes and departmental expectations.
- Serve as a mentor to students in the Advanced Manufacturing program.
- Provide teaching and mentoring services to students in a manner which does not discriminate based on race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, political affiliation, or other protected categories.
- Remain current in the field through a variety of professional development activities.
- Support division and department goals through active and collegial engagement in decision-making and unit-level planning.
- Serve on collegewide and departmental committees, councils, work groups, and task forces.
- Perform other related tasks as assigned by the department chair, dean, and/or associate vice chancellor, vice chancellor, executive vice chancellor.

### **Additional Duties**

- Develops program courses for face to face, online, and hybrid delivery methods.
- Serves on industry boards and committees as needed.
- Collaborates with other complimentary program areas to ensure seamless student transitions.
- Advises prospective Bachelor of Applied Technology in Manufacturing Engineering Technology (BAT) students in lower division course work and BAT students in upper-division course work.
- Co-leads the program's student selection committee

### **Technology**

- Demonstrated proficiency using computer applications, online resources, and other technologies

for the classroom.

- Demonstrated proficiency using an online learning management system such as Blackboard to develop and build course content and perform administrative duties (posting office hours, syllabi, etc.)
- Stays current with the latest manufacturing, technology, and systems applications.

### **Principal Professional Standards**

- Appropriate use of the college's learning management system.
- Meet deadlines for attendance certification and submission of final course grades.
- Participate in graduation, general assembly, and other official college functions.
- Maintain regular office hours to assist students and improve student retention and success.
- Attend and participate in collegewide, campus, department, or other activities and meetings.
- Recognize and reflect standards of civility and collegiality in all interactions.
- Comply with published college policies and procedures and meet professional standards for teaching in a community college.

### **Required Education and Work Experience**

In accordance with Southern Association of College and Schools Commission on Colleges (SACSCOC) requirements:

- Master's or Doctorate degree in Mechanical, Mechatronics, Electrical, Industrial Manufacturing, Robotics, or Electronics Engineering; **or**
- Master's degree with 18 graduate semester hours in Mechanical, Mechatronics, Electrical, Industrial Manufacturing, Robotics, or Electronics Engineering and 5 years minimum non-teaching experience in a related industry; **or**
- Doctorate with 18 graduate semester hours in Mechanical, Mechatronics, Electrical, Industrial Manufacturing, Robotics, or Electronics, Engineering and 3 years minimum non-teaching experience in a related industry.

SACSCOC requirements may differ depending on the courses taught within the discipline.
