Position Title: Learning Disabilities Learning Lab Specialist, Adjunct Faculty

Requisition Number: FAC00475

General Description

The Learning Lab of the Community College of Philadelphia is seeking a Part-Time Adjunct Learning Disabilities Specialist to support our mission of enhancing student learning. In this role, you will provide academic support to students with disabilities. You will communicate and collaborate with instructional faculty, support services faculty and staff, as well as with the Director and staff of the Center on Disability, about how to best serve students with disabilities. In a secondary capacity, the Learning Disabilities Specialist will be expected to provide academic support for students in the general population who are taking Developmental English courses. The ideal candidate will have a strong background in accessibility technology, a passion for providing academic support to students, and a commitment to fostering student success in an academic setting.

The Learning Lab fosters student success by providing academic and tutoring support to students enrolled in college courses. Specialists within the Learning Lab are responsible for providing workshops, small group, and individual instruction; assisting in developing, implementing, and providing leadership to a staff of peer tutors, as well as full-time and part-time specialists; maintaining widespread knowledge of academic programs and student services; and collaborating with instructional faculty in academic departments to promote appropriate Learning Lab support, to enhance student performance and retention.

College Intro

Community College of Philadelphia is an open-admission, predominantly Black institution and a minority-serving institution which provides access to higher education for all who may benefit. CCP's Strategic Plan affirms the College's long-standing commitment to quality, access, affordability and upward mobility while including an emphasis on diversity, equity and inclusion. This plan firmly plants student success at the center of all efforts, establishing the means for each student to achieve their goals.

Teaching faculty are an integral part of the larger Academic and Student Success Division at CCP including Workforce Development or Career Training. The Academic and Student Success Division is a community of learners committed to student success as demonstrated through equitable and measurable outcomes, innovative practices, relevant curriculum, quality learning, and a rewarding student experience. As a minority-serving institution, CCP faculty contribute significantly to our collective efforts to improve student success and eliminate racial equity gaps through the utilization of inclusive and high-quality teaching practices.

Specific Responsibilities

- Provide academic support/instructional assistance to individuals and small groups of students in Biology courses. Develop and conduct Reading/Writing, study skills, and other appropriate academic support workshops for students with Learning Disabilities.
- Day, evening or weekend availability to work at the Main Campus, or Northeast, or West Regional Center Learning Commons. The areas of greatest need are daytime hours at the Northeast Regional Center or evenings at the West Regional Center.
- Commitment to the College's Mission: Demonstrate a sense of connection and responsibility for helping the College to achieve success through a commitment to its mission, vision, and values.
- External and Internal Community Relations: Actively participate in the academic life of the College.
- Collaboration: Communicate effectively, share vision, focus on people, initiate positive change, value differences and foster collaboration. Work with and inspire others to achieve college, department, and individual success. Proactively identify/address problems.
- Respect for Diversity: Establish an inclusive environment in the classroom. Demonstrate an understanding of, and sensitivity to, the diverse academic, socioeconomic, cultural, and ethnic backgrounds of the College's faculty, staff and students.
- Assessment: Participation in continual assessment and course updates to ensure excellence in meeting program and student learning outcomes.
- Student Success: Strive for excellence in teaching, applying best practices in field of discipline, and modeling behaviors that encourage student success and retention.
- Leadership and Development: Commitment to professional learning and growth, student mentoring, and service to the profession. Remain current in the use of technology, developments within the field of discipline, and developments related to teaching and student success.

Minimum Qualifications

- Qualified applicants will have a Master's degree in Special Education or related field with learning
