Requisition Number: FAC00490

General Description

The Department of Transportation Technologies invites applications for a full-time, tenure-track faculty in Medium and Heavy Truck Technology for the 2025-2026 academic year.

This full-time, tenure-track faculty position in Medium and Heavy Truck Technology (MHTT) presents an exciting opportunity to contribute to the exceptional training and pedagogy at the College.

The Transportation Technologies department offers various degree and certificate options to prepare students to be successful technicians in the transportation industry. The department programming focuses on automotive service technology, carbon-based alternative fuels, electric vehicles & hybrids, heavy vehicle & truck repair, and Toyota technician training. All programs prepare students to pass the Automotive Service Excellence (ASE) examinations and professional manufacturer certifications.

Medium and Heavy Truck Technology (MHTT) is an A.A.S degree program that enables students to gain hands-on, practical knowledge and service of medium and heavy vehicle and equipment platforms, including trucks, buses, tractor-trailer systems, and off-road equipment. The courses are both aligned and in compliance with the Automotive Service Excellence Education Foundation (ASEEF) to provide industry-certified quality of instruction and accreditation. MHTT courses are also part of two professional certificates offered at the College which provide a practical skillset and allow a student to gain quick entry into the industry.

College Intro

Community College of Philadelphia is an open-admission, predominantly Black institution and a minority-serving institution which provides access to higher education for all who may benefit. CCP's Strategic Plan affirms the College's long-standing commitment to quality, access, affordability and upward mobility while including an emphasis on diversity, equity and inclusion. This plan firmly plants student success at the center of all efforts, establishing the means for each student to achieve their goals.

Teaching faculty are an integral part of the larger Academic and Student Success Division at CCP including Workforce Development or Career Training. The Academic and Student Success Division is a community of learners committed to student success as demonstrated through equitable and measurable outcomes, innovative practices, relevant curriculum, quality learning, and a rewarding student experience. As a minority-serving institution, CCP faculty contribute significantly to our collective efforts to improve student success and eliminate racial equity gaps through the utilization of inclusive and high-quality teaching practices.

Specific Responsibilities

- Applications will demonstrate an interest in contributing to the future of the Department and the life of the College. The Department seeks applicants actively engaged in teaching and committed to promoting student success within and beyond the classroom.
- Teach Medium and Heavy Truck courses to students with an interest in becoming medium and heavy truck technicians and working in dealerships or fleet repair centers.
- Create an engaging ASE preparation program so Medium and Heavy Truck graduates exit the program prepared to earn ASE certifications.
- Become expert in Medium and Heavy Truck curricula and other course materials, and prepare lectures, hands-on activities, and presentations for effective teaching.
- Attend required Medium and Heavy Truck training and facilitate student engagement on the college's learning management systems.
- Create a vibrant Medium and Heavy Truck advisory committee to help fill the needs of area medium and heavy truck service providers by creating lasting relationships that facilitate student and graduate employment opportunities.
- Establish, maintain and implement a system to effectively attract and retain students for the Medium and Heavy Truck degree program from the Greater Philadelphia region.
- Support community college students as they further develop their medium and heavy truck technology skills, professional attitudes, and behaviors, for college and workplace success.
- Facilitate student learning, provide effective instruction, and perform evaluations of student learning for all assigned classes, using each course's standard course outline and requirements as guides.
- Meet all classes and other scheduled responsibilities such as office hours and meetings at the designated times. Be available to students via email, phone, or personal conferences. The method of contact and hours of availability should be clearly communicated to supervisors and to students through the course syllabus each semester.
- Become expert in curricula and other course materials, prepare lectures, hands-on activities, and

presentations for effective teaching.

- Assign grades and maintain course/student records in accordance with FERPA regulations and submit grades and records by established deadlines.
- Proactively identify and address student problems.
- Maintain and develop curriculum that is consistent with departmental learning objectives. Work with other faculty and administrators in developing program curriculum, standards, and policies, including reviewing and participating in textbook selection process where appropriate.
- Commitment to the College's Mission: Demonstrate a sense of connection and responsibility for helping the College to achieve success through a commitment to its mission, vision, and values.
- External and Internal Community Relations: Actively participate in the academic life of the College; including participation in graduation, recruitment events, general assemblies, student life activities and other cross functional teams. Create learning opportunities for students inside and outside of the classroom including opportunities to teach dual-enrollment high school students.
- Collaboration: Communicate effectively, share vision, focus on people, initiate positive change, value differences and foster collaboration. Work with and inspire others to achieve college, department, and individual success. Proactively identify/address problems.
- Respect for Diversity: Establish an inclusive environment in the classroom. Demonstrate an understanding of, and sensitivity to, the diverse academic, socioeconomic, cultural, and ethnic backgrounds of the College's faculty, staff and students.
- Assessment: Full participation in the assessment of student learning and student learning outcomes at the course, program, and institution levels.
- Student Success: Strive for excellence in teaching, applying best practices in discipline, and modeling behaviors that encourage student success and retention. Utilize innovative teaching strategies and technologies for online learning and other technology tools to meet the learning needs of a diverse student population. Maintain office hours to meet with students outside of the classroom and respond to questions or concerns.
- Leadership and Development: Commitment to professional learning and growth, student mentoring, and service to the profession. Remain current in the use of technology, developments within the field of discipline, and developments related to teaching and student success.

Minimum Qualifications

- Associate's Degree in Automotive Technology, Diesel Technology, or other related field.
- Knowledge of, and ability to integrate, current technological applications into your medium and heavy truck technology courses.
- Ability to deliver required, predefined course elements, while drawing from one's own knowledge and experiences, to engage students and make the course their own.
