member for a nine-month, tenure-track position. Job duties include but are not limited to:

- Reports to the Division Chair. Mathematics and Sciences;
- Collaborates with faculty and subject matter experts on matters pertaining to the developing and redeveloping of curricula, writing syllabi, selecting textbooks, assessing learning outcomes and student achievement, etc.
- Develops and instructs courses within the fields of Biology and Environmental Science using traditional and online instructional modalities.
- Demonstrates, observes, evaluates, and provides technical skill feedback to students through close supervision of lab work.
- Provides academic and professional advising to current and prospective students.
- Serves on various College, Division, and Program level committees.
- Summer contract extensions or adjunct teaching opportunities are available as enrollment dictates.
- Supports the college's student success initiatives.

Minimum Qualifications:

- Master's in Biology or a master's degree with a minimum of eighteen (18) graduate hours in Biology or a closely related area from a regionally accredited college or university.
- Experience instructing courses in Life Sciences using alternative instructional modalities (e.g., blended, hybrid, online).
- Demonstrated ability in working with diverse populations including, but not limited to, age, gender, and culture.
- Excellent written and oral communications skills;
- Other qualities, experiences, and skills that enhance candidate's value to the institution.
- Teaching experience at the community college level desirable.

Desirable Qualifications:

Physical Demands:

Ability to traverse campus, carrying, handling, fine dexterity, vision, hearing, talking, and ability to drive to off campus locations.
