Faculty schedules vary by semester. Candidate may be required to teach evening, weekend, summer, online, hybrid, and/or distance education courses.

### **Essential Duties & Responsibilities**

- Teach freshmen and sophomore Process Technology courses.
- Qualified applicants must be committed to student learning, integrating technology into the curriculum, and encouraging engaged scholars.
- Teach assigned classes in keeping with approved syllabi, outlines, and instructional materials.
- Maintain accurate student records in compliance with Lee College requirements.
- Submit required student reports to the Admissions & Records Office according to schedule.
- Direct, evaluate, and assess the learning experience of the students in accordance with adopted curricula and approved procedures.
- Provide counsel/guidance to students when there is a need.
- All faculty members are required to be on campus thirty-five (35) hours per week and participate in professional development activities, department and college committees, commencement, and other activities as stated in the Faculty Workload and Responsibilities Policy.
- Faculty members may be required to teach evening, weekend, summer, online, hybrid, and dual credit classes at various campuses.

### **Additional Duties & Responsibilities**

- Participate in campus-related committees as needed.
- Recruit for and promote the Process Technology program.
- Participate in professional development activities, both on-campus and off.
- Perform other duties as assigned.

### **Minimum Education, Experience, Knowledge, Skills & Abilities**

- Any Associate's (or higher) degree and five (5) years of work experience as a Process Technician/Operator or Chemical Engineer in a refinery, chemical production facility, or plastic production facility.

### **Preferred Qualifications:**

- Any Bachelor's (or higher) degree
