Job Description

The Transportation Technologies department invites applications for part-time, adjunct positions in Medium and Heavy Truck Technology.

The Transportation Technologies Department includes a variety of degrees and certificates in the areas of Automotive Technology and Individualized Studies. The department strives to meet the needs of all students interested in obtaining an education in these areas and is focused on preparing professionals, for successful careers. The program currently has manufacturer supported training programs with Ford, Nissan and Subaru. We are in the process of building a new state-of-the-art automotive and medium and heavy truck facility and significantly expanding our transportation technology programming. This position will play a key role in developing and teaching the medium and heavy truck associate degree program.

Community College of Philadelphia is an open-admission, associate-degree-granting institution which provides access to higher education for all who may benefit. Its programs of study in the liberal arts and sciences, career technologies, and basic academic skills provide a coherent foundation for college transfer, employment and lifelong learning. The College serves Philadelphia by preparing its students to be informed and concerned citizens, active participants in the cultural life of the city, and enabled to meet the changing needs of business, industry and the professions.

Minimum Qualifications

- High School Diploma or GED is required.
- 2 years of experience as a Master ASE technician in Medium/Heavy Truck or Transit Bus OR an Associates degree in Automotive Technology, Diesel Technology, or other related field.

Preferred Qualifications

- Associate's degree in Automotive Technology, Diesel Technology, or other related field
- Bachelor's degree in a related field.
- ASE Master Certified Technician with L2 Advanced Electric Diesel Engine Diagnosis Certification.
- College level teaching experience.
