General Statement

Adjunct instructors teach courses within a specific discipline to a diverse student population on our main campus in Worcester and/or at additional satellite locations within our service area. We are especially interested in instructors who are qualified to teach both algebra-based and calculus-based physics lab courses. Courses assigned are primarily day courses, and responsibilities include instructional preparation, assessment of student performance and assistance to students. Adjunct faculty will attend a limited number of faculty meetings.

Job Requirements:

Minimum Qualifications

- Working knowledge of Gas, Electric or Communication industry plus 3-5+ years progressive experience in Utility, Telecommunications or Construction field
- Demonstrated working knowledge of principles and practices in Utility Technology.
- Ability to teach day, evening, or weekend classes in more than one campus location with particular emphasis on day classes in Worcester.

Preferred Qualifications

- Technical certificate or degree in Energy and Utility Transmission and Distribution or related field.
- Experience in teaching or training.
- Experience in curriculum design, assessment, and college-level teaching.

Interested applicants who may not meet the qualifications as stated are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position.
