Austin Community College is a public two-year institution that serves a multicultural population of approximately 41,000 credit students each Fall and Spring semester. We embrace our identity as a community college, as reflected in our mission statement. We promote student success and community development by providing affordable access, through traditional and distance learning modes, to higher education and workforce training, including appropriate applied baccalaureate degrees, in our service area.

As a community college committed to our mission, we seek to recruit and retain a workforce that:

- Values intellectual curiosity and innovative teaching
- Is attracted by the college's mission to promote equitable access to educational opportunities
- Cares about student success and collaborates on strategies to facilitate success for populations including; first generation college students, low-income students, and students from underserved communities.
- Focused on student academic achievement and postgraduate outcomes
- Welcomes difference and models respectful interaction with others
- Engages with the community both within and outside of ACC

Job Posting Title:

Faculty, Medical-Vascular Sonography

Job Description Summary:

The Sonography Program Faculty supports learning on campus, all distance learning modalities, in simulation, and through clinical experiences. This faculty position includes both classroom and clinical lab instruction primarily in the vascular sonography specialty. Responsible for preparing and delivering coursework in engaging, innovative, and discipline-appropriate ways that reflect a commitment to student success and creating an environment that promotes belonging for all. This position starts in January of 2026.

Job Description:

The Sonography Program is comprised of two tracks in which students will earn their Associate of Applied Science, Advanced Technical Certificate, and eligibility for national credentialing examinations in Diagnostic Cardiovascular or Medical-Vascular (including OBGYN) Sonography. Additionally, we

offer an Advanced Technical Certificate in Cardiac Sonography for credentialed sonographers seeking formal education in this specialty. The Sonography department is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). We offer comprehensive didactic and clinical education with on-campus labs and direct patient care experience in every semester of the program. The program is committed to ensuring our curriculum aligns with industry standards through collaboration with our clinical affiliates and sonography professional organizations.

Principal Responsibilities and Duties

- Prepare and teach courses in the field of medical and vascular sonography to a multicultural student population based on the department's approved course learning outcomes, utilizing a variety of instructional strategies appropriate to the needs of community college students and the standards of the discipline.
- Participate actively in departmental responsibilities and departmental governance, including curriculum review and revision, program review, assessment of student learning outcomes at the course and program level, and other departmental activities.
- Evaluate student progress and provide clear, timely feedback reflecting program learning outcomes and departmental expectations.
- Serve as a mentor to students in the medical-vascular sonography program.
- Provide teaching and mentoring services to students in a manner that does not discriminate based on race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, political affiliation, or other protected categories.
- Remain current in the field through a variety of professional development activities.
- Support division and department goals through active and collegial engagement in decision-making and unit-level planning.
- Serve on collegewide and departmental committees, councils, work groups, and task forces.
- Perform other related tasks as assigned by the department chair, dean, and/or associate vice chancellor, vice chancellor, executive vice chancellor.

Additional Duties

Occasional extracurricular, evening, and weekend duties as assigned (e.g., outreach events, program meetings, clinical visits, and open lab).

Technology

- Demonstrated proficiency using computer applications, online resources, and other technologies for the classroom.
- Demonstrated proficiency using an online learning management system such as Blackboard to develop and build course content and perform administrative duties (posting office hours, syllabi, etc.)
- Demonstrated expertise using basic and advanced medical-vascular ultrasound applications.
- Demonstrated proficiency using a picture archiving system (PACS).

Principal Professional Standards

- Appropriate use of the college's learning management system.
- Meet deadlines for attendance certification and submission of final course grades.
- Participate in graduation, general assembly, and other official college functions.
- Maintain regular office hours to assist students and improve student retention and success.
- Attend and participate in collegewide, campus, department, or other activities and meetings.
- Recognize and reflect standards of civility and collegiality in all interactions.
- Comply with published college policies and procedures and meet professional standards for teaching in a community college.

Required Education and Certification

- Bachelor's degree in Diagnostic Medical Imaging with current licensure, certification, or registration; or
- Associate degree in Diagnostic Medical Sonography with current licensure, certification, or registration; and
- Active Registered Diagnostic Medical Sonographer - Abdomen, RDMS (AB) and Registered Vascular Technologist (RVT) or Registered Vascular Sonographer (RVS).
