Requisition Number: FAC00423

General Description

The Transportation Technologies Department at the Community College of Philadelphia invites applications for an adjunct position in Automotive Technology.

The Transportation Technologies Department includes a variety of degrees and certificates in the areas of Automotive Technology and Individualized Studies. The department strives to meet the needs of all students interested in obtaining an education in these areas and is focused on preparing professionals, for successful careers. The program currently has manufacturer supported training programs with Ford, Nissan and Subaru. We are in the process of adding FCA to our available programming.

The College recently opened a brand-new state of the art Career and Advanced Technology Center that houses our Transportation programs.

Community College of Philadelphia is an open-admission, associate-degree-granting institution which provides access to higher education for all who may benefit. Its programs of study in the liberal arts and sciences, career technologies, and basic academic skills provide a coherent foundation for college transfer, employment and lifelong learning. The College serves Philadelphia by preparing its students to be informed and concerned citizens, active participants in the cultural life of the city, and enabled to meet the changing needs of business, industry and the professions.

This position requires on campus teaching. Applicant credentials will be kept on file until 12/31/2026

College Intro

Community College of Philadelphia is an open-admission, predominantly Black institution and a minority-serving institution which provides access to higher education for all who may benefit. CCP's Strategic Plan affirms the College's long-standing commitment to quality, access, affordability and upward mobility while including an emphasis on diversity, equity and inclusion. This plan firmly plants student success at the center of all efforts, establishing the means for each student to achieve their goals.

Teaching faculty are an integral part of the larger Academic and Student Success Division at CCP including Workforce Development or Career Training. The Academic and Student Success Division is a community of learners committed to student success as demonstrated through equitable and measurable outcomes, innovative practices, relevant curriculum, quality learning, and a rewarding student experience. As a minority-serving institution, CCP faculty contribute significantly to our

collective efforts to improve student success and eliminate racial equity gaps through the utilization of inclusive and high-quality teaching practices.

Specific Responsibilities

- Teach automotive courses to students with an interest in becoming automotive technicians and working in the transportation industry.
- Support community college students as they further develop their automotive technology skills, professional attitudes, and behaviors, for college and workplace success.
- Facilitate student learning, provide effective instruction, and perform evaluations of student learning for all assigned classes, using each course's standard course outline and specific requirements as guides.
- Become expert in course materials, and prepare lectures, hands-on activities, and presentations for effective teaching.
- Be available to students via email, phone, or personal conferences. The method of contact and hours of availability should be clearly communicated to supervisors and to students through the course syllabus each semester.
- Assign grades and maintain course/student records in accordance with FERPA regulations and submit grades and records by established deadlines.
- Meet all classes and other scheduled responsibilities and meetings at the designated times.
- Receive training or stay current in technological or pedagogical advances that promote student learning, including learning and using manufacturers' software when applicable.
- Develop and maintain working relationships with Philadelphia's automotive industry/workforce.
- Serve on standing and ad hoc committees, advisory boards, hiring committees, or as a student organization advisor.
- Demonstrate a sense of connection and responsibility for helping the College to achieve success through a commitment to its mission, vision, and values.
- Communicate effectively, share vision, focus on people, initiate positive change, value differences and foster collaboration. Work with and inspire others to achieve college, department, and individual success. Proactively identify/address problems.
- Establish an inclusive environment in the classroom. Demonstrate an understanding of, and sensitivity to, the diverse academic, socioeconomic, cultural, and ethnic backgrounds of the College's faculty, staff and students.
- Participation in continual assessment and course updates to ensure excellence in meeting program and student learning outcomes.
- Strive for excellence in teaching, applying best practices in field of discipline, and modeling behaviors that encourage student success and retention. Utilize innovative teaching strategies

and technologies for online learning and other technology tools to meet the learning needs of a diverse student population. Maintain office hours to meet with students outside of the classroom and respond to questions or concerns.

- Commitment to professional learning and growth, student mentoring, and service to the profession. Remain current in the use of technology, developments within the field of discipline, and developments related to teaching and student success.

Minimum Qualifications

- High school diploma, or GED equivalent, required and 5 years of experience as an ASE Master certified technician.
- If hired, the appointee will be required to earn an Associate's degree in Automotive Technology, Diesel Technology, or other related field within 3 years from the date of hire, unless an extension is approved by the College.

Preferred Qualifications

- Associate of Applied Science degree in automotive technology or related field.
- ASE L3 Hybrid/Electric Vehicle Specialist certification.
- L1 Advanced Engine Performance Certification
- College level teaching experience.

Work Location: Main Campus
